

Fine Arts Center
Modern
Colorado Springs, CO

Build out of shell space in Plaza of the Rockies for art gallery and bistro. Approximately 300sf of space was added where exterior brick columns with arches were closed in with glass and roofed. The HVAC system was modified to correctly temper the space and control humidity to the strict standards required of fine arts exhibition spaces.

Owner: Nor'Wood Development
Architect: Yergesen Obering Whittaker
Construction Estimate: \$1,200,000
Construction Cost: \$1,200,000
Construction Start: February 2006
Construction Completion: April 2006
